KEY FEATURES

- Hand finished fluted ceramic shade with a scalloped rim and pierced detail that softens the light
- Warm downward light that is flattering over food and faces
- Works with the Sidney and Matteo sconces in our collection for a coordinated scheme
- Antique brass cap and decorative loop on a twisted brown fabric cord for a vintage, collected look
- Available as a single pendant or a 3 head rectangular canopy for islands
- **Single head.** shade 8.7 in diameter x 6.9 in high (22 × 17.5 cm). Suits breakfast bars, entryways, bedsides and small dining tables.

Ordering information

Catalogue numbers are Tiixo reference numbers. Every configuration of Anita currently offered, with its catalogue number. Quote the catalogue number when ordering or contacting us.

CONFIGURATIONS

SIZE	CATALOGUE NO.
Single head: D 8.7" x H 6.9"	TX-PD-05696-01
3 heads: L 31.5" Rectangle Canopy	TX-PD-05696-02

FROM THE PRODUCT LISTING

3 heads: three shades on a 31.5 in (80 cm) rectangular ceiling canopy. Suits kitchen islands and dining tables roughly 5 to 7 ft long.

As a general rule, hang the bottom of the shade about 30 to 36 in above a counter or table top (approximate guidance; adjust to your ceiling height and sightlines). Questions about ceiling height or cord length? Message us before you order.

Dust with a soft, dry cloth. For marks on the ceramic, use a slightly damp cloth with the light switched off and cooled. Avoid abrasive cleaners on the brass finish.

CARE & MAINTENANCE

Switch off and let the fixture cool. Dust with a soft, dry cloth; no solvents or abrasive cleaners.

WARRANTY & RETURNS

Covered by the Tiixo limited warranty. Returns accepted within 30 days of delivery, unused and in original packaging, with no restocking fee. If it arrives damaged, send a photo within 7 days and we ship a replacement first.

For your electrician

ELECTRICAL

LIGHT SOURCE	E27 socket, bulb not included
COLOR TEMPERATURE	2700K–3000K warm white recommended
INSTALLATION	Hardwired — electrician recommended

WIRING (GENERAL GUIDANCE)

FIXTURE WIRE	CONNECT TO
● Black (or ribbed)	Line / hot
○ White (or smooth)	Neutral
● Green / bare copper	Ground

1. Turn power off at the breaker and confirm it is off with a non-contact tester.
2. Fix the mounting bracket to a ceiling junction box rated for the fixture's weight, using the hardware supplied.
3. Make the connections above with approved connectors and fold the wires neatly into the box.
4. Fit the canopy, install bulbs within the rated wattage, restore power and test.

BEFORE YOU INSTALL

- ☐ A ceiling junction box rated for the fixture's weight
- ☐ Supply voltage confirmed for your region
- ☐ Ceiling height measured, so the fixture clears walkways
- ☐ A dimmer, if used, rated for the light source
- ☐ A second person or a stable ladder for lifting the fixture
- ☐ Power off at the breaker before any work begins

PLACEMENT GUIDELINES

OVER A TABLE

Hang the bottom of the fixture 30–36 in (76–91 cm) above the tabletop; choose a width about one-half to two-thirds of the table.

OVER AN ISLAND

Space multiple pendants 24–30 in (61–76 cm) apart, 30–36 in above the counter.

OPEN AREAS

In halls and living spaces keep at least 84 in (7 ft / 213 cm) clear underneath; add about 3 in of drop per foot of ceiling above 8 ft.

Safety. Turn off power at the breaker before installing. Installation must follow local electrical codes (the NEC in the US). We recommend a licensed electrician for every hardwired fixture. Never exceed the rated wattage.
