For your electrician

ELECTRICAL

LIGHT SOURCE	E26/E27 bulb (not included)
INSTALLATION	Hardwired · dimmable-compatible

WIRING (GENERAL GUIDANCE)

FIXTURE WIRE	CONNECT TO
● Black (or ribbed)	Line / hot
○ White (or smooth)	Neutral
● Green / bare copper	Ground

1. Turn power off at the breaker and confirm it is off with a non-contact tester.
2. Fix the mounting bracket to a ceiling junction box rated for the fixture's weight, using the hardware supplied.
3. Make the connections above with approved connectors and fold the wires neatly into the box.
4. Fit the canopy, install bulbs within the rated wattage, restore power and test.

BEFORE YOU INSTALL

- ☐ A ceiling junction box rated for the fixture's weight
- ☐ Supply voltage confirmed for your region
- ☐ Ceiling height measured, so the fixture clears walkways
- ☐ A dimmer, if used, rated for the light source
- ☐ A second person or a stable ladder for lifting the fixture
- ☐ Power off at the breaker before any work begins

PLACEMENT GUIDELINES

OVER A TABLE

Hang the bottom of the fixture 30–36 in (76–91 cm) above the tabletop; choose a width about one-half to two-thirds of the table.

OVER AN ISLAND

Space multiple pendants 24–30 in (61–76 cm) apart, 30–36 in above the counter.

OPEN AREAS

In halls and living spaces keep at least 84 in (7 ft / 213 cm) clear underneath; add about 3 in of drop per foot of ceiling above 8 ft.

Safety. Turn off power at the breaker before installing. Installation must follow local electrical codes (the NEC in the US). We recommend a licensed electrician for every hardwired fixture. Never exceed the rated wattage.

Questions before or during install?

Call or text (813) 790-7240 · support@tiixo.com
9am – 5pm Eastern, seven days. We reply within 12 hours.

Returns. 30 days from delivery, no restocking fee.
