FROM THE PRODUCT LISTING

Every Tiixo piece is chosen for considered, modern design and a warm, editorial feel — lighting made to be lived with, not just looked at. The Lido layers beautifully with the rest of the Tiixo collection so you can build a whole room from one place.

CARE & MAINTENANCE

Switch off and let the fixture cool. Dust with a soft, dry cloth; no solvents or abrasive cleaners.

WARRANTY & RETURNS

Covered by the Tiixo limited warranty. Returns accepted within 30 days of delivery, unused and in original packaging, with no restocking fee. If it arrives damaged, send a photo within 7 days and we ship a replacement first.

For your electrician

ELECTRICAL

LIGHT SOURCE	Integrated LED, warm, dimmable
INSTALLATION	Hardwired

WIRING (GENERAL GUIDANCE)

FIXTURE WIRE	CONNECT TO
● Black (or ribbed)	Line / hot
○ White (or smooth)	Neutral
● Green / bare copper	Ground

1. Turn power off at the breaker and confirm it is off with a non-contact tester.
2. Fix the mounting bracket to a ceiling junction box rated for the fixture's weight, using the hardware supplied.
3. Make the connections above with approved connectors and fold the wires neatly into the box.
4. Fit the canopy, restore power and test. The LED is built in, so there are no bulbs to fit.

BEFORE YOU INSTALL

- ☐ A ceiling junction box rated for the fixture's weight
- ☐ Supply voltage confirmed for your region
- ☐ Ceiling height measured, so the fixture clears walkways
- ☐ A dimmer, if used, rated for the light source
- ☐ A second person or a stable ladder for lifting the fixture
- ☐ Power off at the breaker before any work begins

PLACEMENT GUIDELINES

ROOM SIZE
Add the room's length and width in feet; that number in inches is a good fixture diameter.

CLEARANCE
Keep at least 84 in (7 ft / 213 cm) from the floor to the bottom of the fixture in walkways.

OVER A TABLE
Choose a fixture about one-half to two-thirds of the table width; a flush or semi-flush mount suits ceilings under 8–9 ft.

Safety. Turn off power at the breaker before installing. Installation must follow local electrical codes (the NEC in the US). We recommend a licensed electrician for every hardwired fixture. Never exceed the rated wattage.
