POWER

Plug-in fixture: no hardwiring and no electrician. Plug it into a standard grounded outlet, route the cord neatly down the wall and keep it clear of walkways. If your listing offers a hardwired option, have it installed by a licensed electrician.

BEFORE YOU INSTALL

- ☐ An outlet within reach of the cord
- ☐ Wall anchors suitable for your wall type
- ☐ A level and pencil to mark the mounting holes

PLACEMENT GUIDELINES

OVER A TABLE

Hang the bottom of the fixture 30–36 in (76–91 cm) above the tabletop; choose a width about one-half to two-thirds of the table.

OVER AN ISLAND

Space multiple pendants 24–30 in (61–76 cm) apart, 30–36 in above the counter.

OPEN AREAS

In halls and living spaces keep at least 84 in (7 ft / 213 cm) clear underneath; add about 3 in of drop per foot of ceiling above 8 ft.

**Safety.** Use a standard grounded outlet. Do not run the cord under rugs or furniture. Never exceed the rated wattage.
